Unstirred water baths » SUB Aqua Pro » NEW!

Built to the highest standard and specifications, and incorporating the latest technology the SUB Aqua Pro advanced water bath range supports even the most demanding applications requiring accurate temperature control. Choose from eight models with base tray and lid included as standard.

- Ambient +5°C to 99°C operation
- Set and Forget[™] technology fast heat-up, accurate temperature control
- Stability ±0.2°C
- Adjustable over temperature alarm protect samples from over heating
- Advanced dry start and run dry protection
- Three programmable temperature presets
- 3 year warranty

Markets: Applications: Pharma/biotech, education, industry, healthcare

 Sample preparation, sample incubation, sample warming, sample thawing, media preparation, QC materials, practical science demonstration
